## Work Experiences

- April 2018 – August 2018    **SNV-Nepal, Junior Program officer** Contributed on Water, Sanitation and Hygiene project for the sensitization, monitoring and implementation of the program.
- July 2016 – March 2018    **ICIMOD-Nepal, Research Assistant** Worked on installation of black carbon monitoring station in glacierized place [Langtang-Nepal]. Contributed in workshop and Science Policy Dialogue: Air Pollution, Climate, and Health in South Asia and the Hindu Kush Himalaya. Involved in research paper writing about Black Carbon [BC] aerosol source, sink, their optical and physical properties, radiative forcing, heating rate and its implication.
- January 2015 – March 2016    **MinErgy-Nepal, Research Assistant** Provided technical inputs on gaseous pollutants measurement campaign. Assisted program coordinator for finalizing emission monitoring project

## Education

- September 2018 – May 2022    **PhD, University of Chinese Academy of Science, China** Analysis of aerosols transport, radiative perturbation and contribution using **WRF-Chem**  
Thesis title: *Tracing aerosol concentrations, transport mechanism, and radiative perturbation over Pan-Third Pole region using multi-sensors satellite and models*
- June 2015 – August 2017    **M.S by Research in Glaciology [Kathmandu University, Nepal]** Estimation of aerosol optical properties using **SBDART** and **OPAC** models  
Thesis title: *Aerosol radiative forcing estimation over a remote high-altitude location (4900 masl) near Yala glacier, Nepal.*
- February 2011 – January 2013    **M.Sc in Environmental Science [Tribhuvan University, Nepal]** Climate Change and pollution control

## Research Publications

### Journal Articles

## Skills

|                    |   |
|--------------------|---|
| Languages          | ■ English, Nepalese, Kiranti, Mandarin Chinese.             |
| Programming/Others | ■ Python, R, Matlab, Linux, NCL, CDO, Bash, Github          |
| Models/Tools       | ■ WRF-Chem, HYSPLIT/PySPLIT, SBDART, OPAC, ArcGis, TrajStat |

## Skills (continued)

Misc.      Academic research, High performance computing, Satellite data handling, L<sup>A</sup>T<sub>E</sub>X, publishing.

## Training and Conferences

- |                      |  |
|----------------------|--|
| 12-15 January 2016   |  <b>Data Analysis with R</b><br>Organised by ICIMOD, Nepal  |
| 18-22 January 2016   |  <b>Application of Remote Sensing and GIS for Mapping and Monitoring of Glaciers</b><br>Organised by ICIMOD, Nepal  |
| 21-25 November 2016  |  <b>Air Quality Instrument Operation and Maintenance</b><br>Organised by ICIMOD, Nepal  |
| 23-24 October 2016   |  <b>Field Techniques and Data Tools for Monitoring High Mountain Environments</b><br>Organised by University of Zurich, Switzerland   |
| 12-23 August, 2019   |  <b>Climate Change and Social Impact on the Third Pole</b><br>Organised by TPE, TranTip, China  |
| 28-30 August, 2019   |  <b>International forum on the cryosphere and society The voice of the Hindu Kush Himalaya</b><br>Organised by ICIMOD, Nepal  |
| 22 October 2020      |  <b>NASA'S Applied Remote Sensing Training Program on MODIS to VIIRS Transition for Air Quality Applications</b><br>Organised by NASA  |
| 16 Jan, 2020         |  <b>Winter School on Frontier and Interdisciplinary Science</b><br>Organised by International School of UCAS, China   |
| 13-17 September 2021 |  <b>Capacity Development Program on Air Quality Management and Emission Reduction on PM<sub>2.5</sub> for Asian Countries</b><br>Organised by Regional Resource Centre for Asia and the Pacific, Thailand |
| 22 October 2021      |  <b>Atmospheric Chemistry and Aerosols in the Asian Monsoon region using Satellite and Model data</b><br>Organised by ACAM, ICIMOD, ECMWF, EUNETSAT   |
| 06 June 2021         |  <b>Air Quality using Copernicus Sentinel data</b><br>Organised by WEKEO, Mercator Ocean International  |
| July 2021            |  <b>4th Congress of China Geodesy and Geophysics</b><br>Organised by Maritime Silk Road and Earth System Sciences, Qingdao, China   |
| 01 March 2022        |  <b>Tools for Analyzing NASA Air Quality Model Output</b><br>Organised by ARSET NASA  |

## Awards and Achievements

- |      |  |
|------|--|
| 2018 |  <b>President's Fellowship</b> , CAS-TWAS President's Fellowship awardee, Trieste, Italy                      |
| 2015 |  <b>M.S Thesis grant</b> , Cryosphere Monitoring Project (CMP) fellowship, Norwegian Embassy and ICIMOD-Nepal |
| 2013 |  <b>M.Sc Thesis grant</b> , Grant from SEAM-Nepal/Government of Finland.                                      |
